

In light of the economic downturn are losses of house values, pensions manufacturing base and manmade disasters "what can you say to one who grew up in Detroit and was sacrificed at the altar of free trade"?

We must cut taxes across the board let free trade correct these problems without those pesky elite liberals and their press forcing our great patriotic people to live with things like regulations

Free Trade it is the only way!

Besides less taxes

gets you elected

In light of the economic downturn are losses of house values, pensions manufacturing base and manmade disasters "what can you say to one who grew up in Detroit and was sacrificed at the altar of free trade"?

We must cut taxes across the board let free trade correct these problems without those pesky elite liberals and their press forcing our great patriotic people to live with things like regulations

Free Trade it is the only way!

Besides less taxes

gets you elected

Aren't you the dummies that cut taxes in the middle of two wars?????
